

Leulseged B. Ayalew

Addis Ababa, Ethiopia | +251966203992

Software Engineer

ayalew.leulseged.bekele@gmail.com | www.leul.tech | <https://www.linkedin.com/in/leulseged-ayalew>

Overview

- Skilled in React, Python, Flutter, JavaScript. Working on both Web and Mobile Apps
- Adaptable in both individual and team-oriented projects
- Graduated in the top 5% of the ALX Tech program
- Selected for the prestigious Gold Fellowship at The ROOM, demonstrating excellence and commitment
- Graduated at AASTU with Bachelor of Science Degree in Software engineering.

Education

Addis Ababa Science and Technology University (AASTU)

Bachelor of Science in Software Engineering

2019 - 2024

African Leadership X (ALX)

Certificate in Software Engineering

2022 – 2023

- Graduated in the top 5% of the class.
- Selected for the prestigious **Gold Fellowship** at The ROOM.

Professional Experience

Backend Developer | Freelance | Ablaze Labs

Nov 2024 – Jan 2025

- Developed and maintained scalable backend systems for diverse applications.
- Designed APIs and integrated databases to ensure seamless client-server communication.
- Utilized **Nestjs**, **PostgreSQL**, **Docker** and **Prisma** to deliver efficient solutions.

React Developer | Internship | Dallol Tech

June 2023 – Oct. 2024

- Contributed to the development of a learning platform, focusing on user-friendly design and responsiveness.
- Implemented front-end features for a bus reservation web app, improving user engagement.
- Played a pivotal role in advancing both projects from 0% to 50% completion.

Projects

Missing Person Finder

2023/24

- Developed a mobile app and admin dashboard integrating facial recognition for reporting missing individuals.
- Tools: **Flutter, Node.js, React, MongoDB, Firebase.**

TrackExp

2024

- Created a cross-platform mobile app to track trips and expenses, ensuring data accuracy across devices through a side-by-side interface for resolving discrepancies.
- Tools: **Flutter, Django, MongoDB, Firebase.**

ReciApp

2023

- Built an API-powered recipe app with advanced filtering capabilities and personalized user preferences.
- Tools: **React, Redux, PostgreSQL, Node.js.**

MyAASTU

2021/22

- Developed a web app to help university students navigate campus life with resources, maps, and service guides.
- Tools: **HTML, CSS, JavaScript, PHP, MySQL.**

Honors and Awards

- **Gold Fellowship:** Awarded by The ROOM for ranking in the top 5% of the ALX Program
- **ALX Software Engineering Program Graduate Certificate:** Top 5% achiever.
- **K-eGov Open-Source Framework Bootcamp Certificate:** Completed a rigorous training program in open-source technologies.

Skills

Programming Languages: JavaScript, Python, Java, C++

Frameworks: React, Next.js, Node.js

Databases: PostgreSQL, MySQL, MongoDB

Project Management Tools: Trello, Asana

Soft Skills: Communication, Collaboration, Attention to Detail

Languages: English (Fluent), Amharic (Native)

Certifications

- **ALX One Year Software Engineering Program**
- **K-eGov Open-Source Framework Bootcamp**
